

Fordham Students' Dance Delayed Two Hours by Police

Sophomores' Appeal to Numerous Politicians Causes Ban To Be Lifted; Anonymous Letter the Cause

Sophomores of Fordham University gave a dance last night at the Automobile Club of America to which they had invited Lafayette students here for the football game, but not until they had called up most of the politicians with whom their fathers were acquainted.

From 9 p. m. until 11 almost 1,000 young men and young women cooled their heels in the lobby or on the steps of the club listening disconsolately to the stern ejaculations of Sergeant Nulty of the West Forty-seventh Street

police station, emitted with almost the regularity of a cuckoo clock: "There'll be no dance to-night."

The trouble was, some one had written an anonymous letter to Captain Donohue, of the West Forty-seventh Street police station, assuring him that if there was a dance the freshmen would break it up. In order to prevent any such scandal in his precinct Captain Donohue forbade the dance on the ground that the Automobile Club of America was not licensed as a dance hall, and outsiders could not give dances there to which admission was charged. The sophomores charged \$3.50 a ticket.

After the worried sophomores had consulted with John F. Gilchrist, Commissioner of Licenses; The McManus, an assortment of Congressmen, Assistant District Attorney Owen Bohan, and had tried in vain to reach Mayor Hylan by telephone, the jinx was broken somehow, and by orders from an exalted person the police were withdrawn.

That was about 11 o'clock. Up to that time no freshmen had appeared.

Reclaimed Shore Land Held to Belong to City

The Appellate Division of the Supreme Court in Brooklyn, in reversing a decision made by Justice Callahan, yesterday, held that shore property reclaimed from the sea belongs to the city and not to the owner of the upland property. The decision virtually sets aside part of a deed to property in Gravesend, which was drawn by late Mayor Gaynor.

The action was brought by Mrs. Ellen Nevins for an injunction to restrain Gus Friedauer from erecting a bungalow on the north side of Coney Island. The city was named as a party defendant. The property in question was filled in and made part of the upland in 1918. Title to the property was vested in Mrs. Nevins.

The Appellate Division holds that part of the title which disposes of property under water is invalid, and that the property which was reclaimed, when filled in, belongs to the city.
